The Jewish Genealogical Society of Greater Boston is dedicated to helping its members discover their Jewish family histories. The Society provides programs and services for both the novice and the experienced researcher. We have over 500 members and are fortunate that many of them have a broad range of knowledge and experience and enjoy assisting others.

The JGSGB is affiliated with the International Association of Jewish Genealogical Societies (IAJGS).

Join us to learn and to meet others who share your interest in researching your family history.

Meetings are held monthly (except July and August) in Newton and at other locations in the Boston area. Meetings are free to members and open to the public for a small fee.
