Problem Solving with Experts in Jewish Genealogy

Sunday, February 3, 2008
1:30–4:30 PM

Temple Emanuel, Newton Centre

Problem solve with our “experts.” Learn how to get started or get over that “brick wall” in your family research. Visit various roundtables, some with computers connected to the Internet for online research.

Included are tables dedicated to the following topics:

- Finding your ancestors using immigration, naturalization, and vital records;
- Getting started with Jewish genealogy (*e.g.*, using the JewishGen and Steve Morse websites);
- Holocaust research (*e.g.*, using the Internet and Transport Books);
- Country-specific research (*e.g.*, Polish, German, Lithuanian);
- Translation of foreign-language documents (*e.g.*, Yiddish, Polish, German, Russian);

Genealogical reference materials will be available for perusal. So bring in your research questions and your foreign documents for translation.

Temple Emanuel is at 385 Ward St., Newton Centre. For maps and detailed directions, visit our web page at <http://emanuel.jgsgb.org>.

Admission is free for members, \$5 for non-members.
Refreshments will be served.
